

★ Food Safety Training is the ★ Single Most Affordable Way to Protect Your Business!

Cleanliness and Safe Food Matter:

- The Centers for Disease Control and Prevention (CDC) estimates that each year roughly 1 in 6 Americans (or 48 Million people) get sick, 128,000 are hospitalized, and 3,000 die of foodborne diseases.
- The public is concerned about cleanliness and safe food.
- Food establishments are often closed down for critical health code violations, such as pest infestation, unsanitary work environment, improper storage and handling of food, poor hygiene practices and foodborne disease outbreak.

The ServSafe Food Handler Program is a complete solution that delivers consistent food safety training to employees. The program covers five key areas:

- ◇ Basic Food Safety
- ◇ Personal Hygiene
- ◇ Cross-contamination & Allergens
- ◇ Time & Temperature
- ◇ Cleaning & Sanitation
