

Recertification Requirements for Commercial Applicator/Registered Technician:

Commercial Applicator (CAs) and **Registered Technician (RTs)** must participate in a continuing pesticide education program. CAs and RTs earn two years of recertification credit per fully-approved program. Certified applicators may accumulate up to four years of recertification credit. Unless renewed, certificates expire every two years on June 30. Applicators who allow certificates to lapse must re-take the Virginia certification exams to restore CA or RT status.
